

# Switch Kit | Make the Switch

Ready to enjoy a more streamlined financial picture, with all of your accounts in one place? Credit Union 1 has your ticket to a simple switch. Below, you'll find four steps to get started – and don't worry, if you run into any questions, we're here for you!

## Join Us

Anyone who lives or works in Alaska is eligible for CU1 membership. To join:

Visit any Credit Union 1 branch or [cu1.org/membership](http://cu1.org/membership) to complete your membership application.

Deposit \$5 into savings to serve as your "share" in our member-owned organization!

## Deposit Your Money

To drop funds into your new account, you have lots of options.

Write yourself a check from your old account and deposit it into your new account, set up an electronic transfer from your previous financial institution, or even have that place cut you a cashier's check and deposit it via the CU1 Mobile App.

## Transfer Payments and Connect Accounts

Do you have any automated payments linked to your accounts elsewhere? We have an awesome Bill Pay service that can handle these payments going forward.

Identify any items that are connected to your old credit or debit cards, and then update those to your new accounts.

Contact your employer to get your paychecks in sync with your new CU1 account.

## Complete the Switch

Once you've nailed the items above, we recommend waiting another month or so before closing your old accounts (to make sure no action is happening that you may have missed).

Get written confirmation of your closed account from the other financial institution.

Ensure that any credit cards are fully paid off at your other institution, and then cut up those cards and shred any checks. Need an easy way to zero your balance on that old credit card? Open your new credit card with CU1 and take advantage of a fee-free balance transfer to payoff the old card from elsewhere!

That's it! You're free to enjoy an amazing new experience with Credit Union 1!

Please maintain a temporary balance in your old account to cover any outstanding deposits and withdrawals. Credit Union 1 is not responsible for charges incurred by insufficient funds.

**Equal Housing Opportunity. Federally insured by NCUA.**

### FOR YOUR REFERENCE

See also:  
[cu1.org/switch](http://cu1.org/switch)

CU1's Routing Number:  
**325272063**

Call us at:  
**(907) 339-9485**

### GET THE APPS

Access your account any time with the **CU1 Mobile App**. Download the version compatible with your device, then log in using your online banking credentials.

Customize access to your debit and credit cards, restrict their usage via your smart device, and better control the ways and places you spend money with CU1's **CardControl App**.

### NEED TO USE AN ATM?

CU1 participates in an ATM co-op alliance that allows you to enjoy fee-free withdrawals nationwide! Visit [cu1.org/locations](http://cu1.org/locations) to find a participating ATM location near you.
