Introduction

As **Credit Union 1** completes its system conversion to **Credit Union 1 Alaska (new Online Access)**, you will need to modify your QuickBooks settings to ensure the smooth transition of your data. To complete these instructions, you will need your **[User ID and Password]** for the **Credit Union 1** and **Credit Union 1 Alaska (new Online Access)** websites.

NOTE: For QuickBooks Web Connect/Express Web Connect accounts, use the same User ID and PIN/Password as your financial institution website. For Direct Connect, the login credentials may be different. Please contact your financial institution to verify your Direct Connect login information.

It is important that you perform the following instructions exactly as described and in the order presented. If you do not, your service may stop functioning properly. This conversion should take 15–30 minutes.

NOTE: This update is time sensitive and can be completed on or after **4/7/15**.

This detour symbol indicates section instructions that are using bill pay within QuickBooks only. If you do **not** use QuickBooks to make online bill payments, you can skip these sections or steps.
